

Compliance with accessibility standards at 36 CFR 1194 for Federal ICT

To ensure compliance with updated guidelines published on January 2017 by the United States Access Board under ICT Refresh, ATP2 will ensure all electronic and information technology (EIT) products and/or equipment procured for any ICT task order will meet the applicable accessibility standards at 36 CFR 1194, which implements requirements for Section 508 of the Rehabilitation Act of 1973 and Section 255 of the Communications Act of 1934 (as amended).

All information technology products acquired will be compatible with accessories that permit people with disabilities to use that equipment. These accessories include screen readers for the blind and telephone technology for the deaf, etc.
